All sales are final. Refunds will only be considered due to emergency situation's or family crisis and will be determined on a case-to-case basis.

Growing practices/ customer agreement:

We are certified organic through Pennsylvania Certified Organic (PCO) following the USDA organic growing requirements. We use all organic composts, fertilizers, and pest management practices. We also incorporate crop rotation, silage tarps and insect netting to help grow quality products and to reduce overall pest infestation and disease. Customer understands and accepts the shared risks that crop quality and quantity is heavily dependent upon seasonal weather, insects, and other natural occurrences. There is always the risk of a loss of crop or shortage due to natural occurrence's. We as a farm promise to consistently provide high quality products, implement 100% organic growing practices and maintain the highest quality standards of workmanship and customer service to all of our customers.
